To one whose devotion to high ideals has made our school a better place in which to work and learn, who has given freely of his time and energy for the cause of Education, whose interest in our youth has made our school days happy ones to remember, and who has established himself in our community through his unselfish Christian service to mankind, we dedicate THE BULLDOG of 1955.

Superintendent's Message

In our school activities we grow stronger-physically, mentally, socially, and spiritually by using the talents we have. The fruits of our work multiply a hundred-fold when shared with others. You give your life away and, behold! a richer life comes back to you.

"Our most valuable possessions are those which can be shared without lessening: those which, when shared, multiply. Our least valuable possessions are those which when divided are diminished."
